LCD TV Screens

Advances in technology now allow you to have your own and truly irresistible TV advertising channel in your shop or showroom window at an affordable price!
Get noticed by rear projecting your advertising onto large glass windows or place screens in key locations.

Rear projection

... irresistible advertising that gets you noticed

Viva3D TV Channel Kit
These are the PC box & Stick that turn any TV screen or projector into your own Lux-TV channel.

Audience Metrics
Add a camera for remote audience monitoring.

Choose from a small and low-cost flat TV to hang just where you need it to large screens and rear-projected glass systems. We provide a complete solution to meet your needs.
